Re: Approval - Removal Action Construction Completion Report
Granville Solvents Site, Granville, OH

Dear Mr. Pfefferle:

U.S. EPA, in consultation with Ohio EPA, accepts as written the "Removal Action Construction Completion Report for the Treatment of Impacted Soils at the Granville Solvents Site" (October 2001) prepared by Sharp and Associates, Inc. on behalf of the Granville Solvents Site PRP Group. We will place a copy of the report into the Granville site information repository.

I look forward to the achievement of the soil cleanup levels using the treatment technologies described in the report.

Sincerely,

A handwritten signature in black ink, appearing to read "K. Adler", is located below the "Sincerely," text.

Kevin Adler
